

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates. The cable ownership

cap is a crucial element of our democratic media, and it should not be weakened.

Yes I'm a young student concerned about over turning these rules it would be a disaster for democracy indeed to over turb these rules. They limit the broad spectrum of the entertainment medium by permitting private companies to have large stakes in that market. Which further leads to power of one in this society . Which I do not support .it limits the peoples self expression as well by silencing there voices by media due to more corporate control and ownership. We shouldn't allow this as a people its our duty to things that are just and due justice to our better character .its our duty to lively freely and not forget what our ancestors fought for and what we and many others die for everyday..

Thank you

Ben
